V. Additional Definitions

Medical Necessity or Medically Necessary means Covered Services rendered by a Health Care Provider that the Plan determines are:

- a. appropriate for the symptoms and diagnosis or treatment of the Member's condition, illness, disease or injury;
- b. provided for the diagnosis, and the direct care and treatment of the Member's condition, illness disease or injury;
- c. in accordance with current standards of good medical treatment practiced by the general medical community.
- d. not primarily for the convenience of the Member, or the Member's Health Care Provider; and
- e. the most appropriate source or level of service that can safely be provided to the Member. When applied to hospitalization, this further means that the Member requires acute care as an inpatient due to the nature of the services rendered or the Member's condition, and the Member cannot receive safe or adequate care as an outpatient.

Medicaid Business Segment

Medically Necessary — A service, item, procedure, or level of care that is necessary for the proper treatment or management of an illness, injury, or disability is one that:

- Will, or is reasonably expected to, prevent the onset of an illness, condition, injury or disability.
- Will, or is reasonably expected to, reduce or ameliorate the physical, mental or developmental effects of an illness, condition, injury or disability.

- Will assist the Member to achieve or maintain maximum functional capacity in performing daily activities, taking into account both the functional capacity of the Member and those functional capacities that are appropriate for Members of the same age.

MEDICAID BUSINESS SEGMENT

DESCRIPTION: This policy outlines the process utilized by GHP Family to review requests for home accessibility durable medical equipment. Information outlined in the HealthChoices Agreement, Appendix 6, Home Accessibility Risk Sharing Arrangement, further explains the expectation and risk sharing arrangement that Managed Care Organizations (MCO) must use to review and approve certain home accessibility Durable Medical Equipment (DME).

PROCEDURE:

1. This policy covers medically necessary services prescribed by a licensed physician/provider that are used by a covered member with a mobility impairment to enter and exit the home or are used to support activities of daily living; and are removable or reusable, which includes instances where these items are installed using screws or bolts and are removed by removing the screws or bolts without damage to the item.
2. GHP requires at least two estimates for the equipment and installation. GHP will assist the member in identifying suppliers to provide these estimates.
3. Covered Services for medically necessary services include, but are not limited to:
 - a. Wheelchair lifts, stair glides, ceiling lifts and metal accessibility ramps that are used by a member with a mobility impairment to enter and exit the home or are used to support activities of daily living; and are removable or reusable, which includes instances where these items are installed using screws or bolts and are removed by removing the screws or bolts without damage to the item.
 - b. Medically necessary repairs to the equipment
 - c. Installation costs. This may include, but are not limited to:
 - i. Parts or supplies provided or recommended by the manufacturer for attaching or mounting the item to the surface at the home or residence
 - ii. Labor to attach or mount the item to a surface per the manufacturer's installation guide
 - iii. Required permits
 - iv. Installing an electrical outlet or connection to an existing electrical source
 - v. Pouring a concrete foundation (slab) according to the manufacturer's instructions (which may include leveling the ground under the concrete foundation)
 - vi. External supports, such as bracing a wall
 - vii. Removing/replacing a portion of an existing railing or banister only as needed to accommodate the equipment
