Electronic fund transfer (EFT) and electronic explanation of payment (835 transaction)

GHP has replaced paper check payments with claim payment cards. Claim payment cards are processed like any other credit/debit card payment you receive through the mail or by phone and are subject to existing merchant processing rates. To avoid receiving claim payment cards, you can register for free EFT/ERA transactions from GHP. To receive GHP payments directly deposited into your bank account and/or to begin receiving electronic remittance advice/835, register at instamed.com/eraeft or complete the InstaMed Network Funding Agreement and fax or mail to InstaMed.

EDI clearinghouse reports

EDI reports contain concise information regarding the status of electronic claims, identifying those that have been accepted and those that need to be resubmitted.

- A claim reported electronically is not considered received by GHP until it has been accepted into its claim processing system.
- Please contact AllScripts Healthcare, Emdeon, or Relay Health to receive and review the necessary reports to track your electronic claims and to ensure that they have been submitted and processed properly.
