GHP provides out-of-area coverage to eligible members

Geisinger Health Plan (GHP) has a strong provider network in its footprint, but also provides out-of-area coverage to eligible members who live outside the GHP service area and don't have access to GHP preferred providers through the First Health® Network. First Health gives employers and their employees a network of more than 5,000 hospitals, over 90,000 ancillary facilities and over 550,000 professional providers at 1 million+ healthcare service locations.

Here's how to find First Health providers online:

1. Go to myfirsthealth.com and click "Start Now."
2. Pick a provider type.
3. Choose to search by zip code or state (or click "Show more options" to search by provider name, specialty or condition).
4. Click "Search now."

Or you can call our customer care team at [800-447-4000](tel:800-447-4000) to verify provider participation.
