Geisinger Health Plan expands to include Lehigh Valley Health Network

Geisinger Health Plan (GHP) recently expanded its provider network to include all Lehigh Valley Health Network (LVHN) facilities, effective Nov. 1

Through this agreement, GHP members will have in-network access to inpatient and outpatient services at LVHN, including at Lehigh Valley Hospital – Dickson City, Lehigh Valley Hospital – Carbon, and former Delta Medix and Coordinated Health practice locations in that region (now LVPG – Steamtown).

GHP also expanded its network in October with the addition of UPMC Harrisburg, UPMC West Shore and UPMC Community Osteopathic in Dauphin and Cumberland counties.

- Same-day appointments
- More 1:1 time with doctors
- Social and educational activities
- A personalized wellness plan

More time with doctors

Our doctors have up to an hour to spend with their patients, asking questions, addressing concerns and getting to know them as a person.

An entire team devoted to care

Our team approach means members always have someone to turn to. They can drop in anytime during regular business hours — no appointment necessary.

Everything under one roof

See doctors, take a class, make new friends and work out in a fitness center — it's all here. And we make specialist visits easy by arranging video consultations right from our center.

Wellness that's more than physical

Our centers offer active, engaged communities with ever-changing activities like book clubs, walking groups, yoga classes and card games. Members can make new friends — or enjoy time with old ones.
